1. INTRODUCTION

Welcome to the **CYBORG CODE FEST 1.0**

“Where Creativity Meets Coding”

Welcome to one of India’s most exciting online coding competitions designed especially for young creators, problem-solvers, and future innovators.

CYBORG CODE FEST 1.0 is not just a competition, it is a platform where students transform their imagination into interactive digital experiences through coding, creativity, and logical thinking. This national-level event **invites students aged 7–11 years** from across India to participate in an exciting Maze Game Development Challenge using Scratch 3.0 or Pictoblox.

Participants will design and develop their own science-themed maze game filled with creativity, adventure, logic, and innovation while competing with talented students from different parts of the country.

The competition is designed to help students:

- Learn coding
- Build creative projects
- Think logically
- Showcase their talent to the world

OUR MISSION

Our mission is to inspire the next generation of innovators by making coding exciting, creative, and accessible for young learners.

We believe students learn best when they are encouraged to:

- Create
- Experiment
- Think independently
- Solve challenges
- Build confidence through innovation

CYBORG CODE FEST 1.0 has been designed to encourage students to move beyond basic learning and start building projects that reflect their imagination and technical skills.

2. ELIGIBILITY

- Age Group: **7–11 Years**
- Open for students across India
- Individual participation only

CYBORG

ROBOTICS ACADEMY PVT. LTD.

3. SOFTWARE TO BE USED

Students can use either:

- **Scratch 3.0**
- OR
- **Pictoblox**

No other software is allowed.

4. REGISTRATION FEES

Registration Fee: ₹499

CYBORG

ROBOTICS ACADEMY PVT. LTD.

5. COMPETITION CHALLENGE

Students must create:

A MAZE GAME WITH:

- 3 Working Levels
- Science Theme
- A Science-Themed Player Sprite

6. SCIENCE THEME IDEAS

Students can choose themes such as:

- Space Explorer
- Robot Scientist
- Eco Warrior
- Planet Rescue
- Science Lab Adventure
- Food chain

CYBORG

ROBOTICS ACADEMY PVT. LTD.

7. COMPETITION FLOW

STEP 1 – Challenge Release

- Date: **15th May**
- Rule book and challenge details will be shared

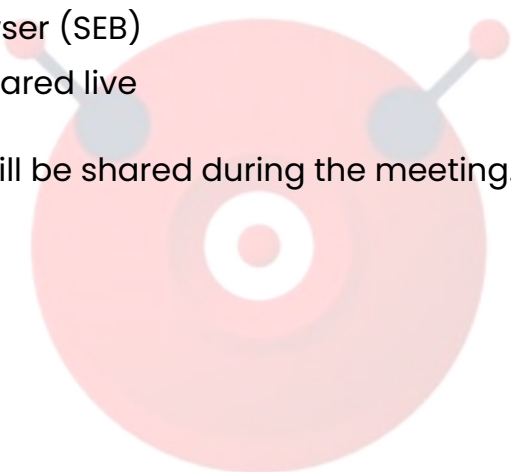

STEP 2 – Live Coding Test

- Date: **21ST June**

Students must:

- Join the official Zoom meeting
- Open Safe Exam Browser (SEB)
- Attend instructions shared live

The coding challenge link will be shared during the meeting.

CYBORG
ROBOTICS ACADEMY PVT. LTD.

8. SAFE EXAM BROWSER (SEB)

SEB is a secure testing software used for fair participation.

Students should:

- Install SEB before competition day
- Keep stable internet connection
- Stay connected on Zoom during the competition

NOTE – DETAILS FOR THIS WILL BE RELEASED IN NEXT UPDATE OF RULE BOOK.

9. CODING ROUND

Students have to keep their project ready before the live coding test and following should be part of the project.

- Create their maze game
- Build all 3 levels
- Add science-themed visuals and gameplay

CYBORG
ROBOTICS ACADEMY PVT. LTD.

10. PROJECT SUBMISSION

Students must submit:

- .SB3 project file

Late submissions will not be accepted.

NOTE- DEMONSTRATION VIDEO WILL BE RELEASED BEFORE LIVE EXAM FOR THE SAME. ADDITIONALLY, WE WILL BE HOSTING A WEBINAR ON REGULAR BASIS FOR DOUBT SOLVING. PLEASE KEEP VISITING OUR WEBSITE AND SOCIAL MEDIA REGULARLY FOR UPDATES.

11. SOCIAL MEDIA ROUND

Students must upload:

- Instagram Reel
OR
- YouTube Demo Video

VIDEO RULES

- Duration: 1–3 minutes
- Must show:
 - Gameplay
 - All 3 maze levels
 - Science-themed player sprite
 - Project explanation

Students must:

- Tag official page
- Send us collaboration request on both our ids
- Use official hashtag
- Add your registration id in the caption for us to trace back

12. WINNER CATEGORIES

TECH WINNER – ₹20,000

Winner will be selected based on:

- Coding quality
- Project creativity
- Gameplay
- Logic

SOCIAL MEDIA WINNER – ₹10,000

Winner will be selected based on:

- Likes
- Comments
- Shares
- Overall engagement

RUNNER-UPS

Runner-ups will receive:

- Discounts on Cyborgs Online Academy Courses

CYBORG
ROBOTICS ACADEMY PVT. LTD.

13. MARKING SYSTEM

TECHNICAL SCORE – 200 Marks

- The score for project submission is **100** marks. The following table is a breakdown for judging the project.

Criteria	Marks
Game Logic & Working	30
Maze Functionality (3 Levels)	20
Creativity & Science Theme	20
Design & Visual Appearance	10
Coding Structure	20
Total marks	100

- The score for the live coding test will be based on correctly answering multiple choice questions(MCQ's)with 1 brief answer to be typed in minimum 150 words. Maximum marks for this test is **100**.

SOCIAL MEDIA SCORE

Social media engagement will be **judged separately** based on:

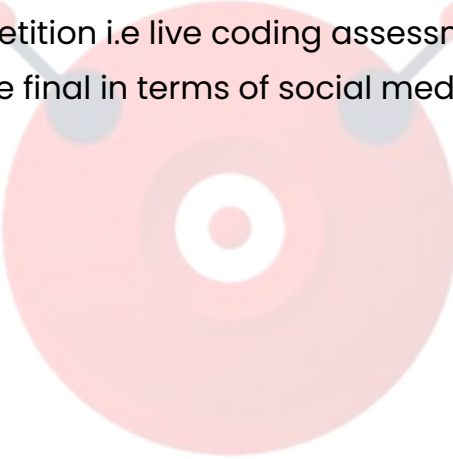

- Creativity of demo video
- Presentation
- Likes, comments and audience engagement

14. IMPORTANT RULES

- Project must be original
- Students must participate individually
- Copying or remixing projects is not allowed
- Students must stay in Zoom during competition
- Any unfair activity may lead to disqualification

15. IMPORTANT NOTES

- Keep your laptop/device fully charged
- Ensure good internet connection
- Install Scratch/Pictoblox before competition day
- Install SEB before competition i.e live coding assessment day
- Judges' decisions will be final in terms of social media and project submission.

17. FINAL MESSAGE

This competition is all about:

- Creativity
- Coding
- Problem-solving
- Fun learning

Build something amazing and show your talent to the world.

Good luck, Coders!
